

## **A most beautiful and sweet angel is back in heaven**

It is with infinite and deepest sadness that we announce the departure from this world of our most beloved Son and Brother:

# **Kilian Schindler**

29.10.1989 - 16.5.2020

A most wonderful human being, Kilian did have a marvellous and well-fulfilled life. A person gifted with a rare intelligence, unlimited generosity, and a loving character. He developed warm relationships with all human beings that crossed his existence.

We thank God for the immense privilege of entrusting Kilian to us as a magnificent member of our family. Following Kilian's extraordinary example, we have never felt as close to the Almighty Father and to the divine secrets of our existence as during these recent, faith-testing times.

Our boundless sadness is mitigated by the conviction that when eternity comes calling, Kilian will be the first to embrace us with his open loving arms, and with his wonderful smile. We will then be reunited, all of us one in God, for the rest of times.

Please visit [www.kilian-memory.ch](http://www.kilian-memory.ch) to learn about his resting place, a farewell ceremony, as well as to share memories about Kilian with the family and his many friends.

Instead of flowers, contributions to the Bruno Bloch Stiftung, Dermatologische Klinik, USZ, would be appreciated.
